HAD HEADON COLLISION

TWENTY-FIVE PERSONS HURT
IN A WRECK NEAR RICH
HILL, SUNDAY.

MISHAP ON THE MISSOURI PACIFIC

Passenger Crew Misunderstood Orders
to Wait for Freight—Five Persons
Dangerously Hurt—Crews
Saved Themselves.

The Injured.
* George C. Greenup, postmaster
of Pleasant Hill, Mo.; back hurt
and internal injuries.
* G. B. Thompson, engineer of
the passenger train; badly
bruised.
* Everett Hart, fireman of the
freight train; bruises on body.
* T. J. Jones, 35 years old, Neva-
da, Mo.; fireman on the passen-
ger train; left shoulder broken,
both legs bruised, internally in-
jured.
* Joseph Huff, 12 years old, Rich
Hill, Mo.; legs crushed.
* E. Heffner, 40 years old, Rich
Hill, Mo.; freight engineer; right
wrist broken, hips bruised.
* Frank Klingman, Nevada, Mo.;
express messenger; both hands
bruised, left leg sprained, proba-
bly internally injured.

In a head-on collision between a
northbound passenger train and a
southbound freight train on the Lex-
ington & Southern or Joplin division
of the Missouri Pacific railway near
Rich Hill, Mo., shortly after 11 o'clock
Saturday night, twenty-five persons
were injured, five dangerously.

A misunderstanding of orders on
the part of the crew of the passenger
train was the cause of the wreck.

Missouri Pacific passenger train No.
210, due in Kansas City at 5 o'clock
yesterday morning, left Ovid, a little
station two miles north of Rich Hill,
for Kansas City at 10:46 o'clock Sat-
urday night. One-half mile out of the
town on a curve the train met a Mis-
souri Pacific Red line freight train,
No. 253.

J. E. Thompson, engineer of the
passenger, saw the freight coming
in time to bring his train to a stand-
still. The engines crashed together,
with the freight train of twenty cars
going at the rate of twenty miles an
hour. Frank Klingman, a messenger
in the mail car, was internally injured
and received bad hurts on both hands.
There were nine coaches in the
train, which was in charge of C. Y.
Lawrence, of Sedalia, conductor. The
passengers were badly shaken up
and many received bruises.

George C. Greenup, a former clerk
and operator in Sedalia, but now post-
master of Pleasant Hill, Mo., received
spinal and internal injuries. He was
taken to his home. His condition is
dangerous.

G. B. Thompson, engineer on the
passenger engine, jumped and was in-
jured. T. J. Jones, the fireman, jump-
ed, fell on his left shoulder, and was
buried under flying timbers from the
freight cars.

The members of the crew of the
freight train were J. E. Ferguson, con-
ductor, E. Heffner, engineer, and
Everett Hart, fireman. In jumping
the engineer broke his wrist.

The first four cars in the freight
train were crushed into kindling
wood, sending timbers flying for
yards around. The next four were
derailed and rolled into the ditch.

Joseph Huff, a 12-year-old boy of
Rich Hill, Mo., was riding the rods
of one of the freight cars, beating his
way. He fell under the wheels and
his legs were crushed. The left one
was amputated yesterday in Rich
Hill. Jones, Heffner and Klingman
were taken to Kansas City last night
to be treated at the Missouri Pacific
hospital.

"There was a misunderstanding of
orders," Jones said last night. We
were supposed to wait for the freight
at Ovid until 10:55. We left at 10:46.
The first intimation I had of danger
was when the engineer jumped down
from his seat yelling 'Jump! jump!'
He jumped out at one side and I
made for the other."

Boy Goes to Reform School.

Earl Donohue, a boy in his early
teens, was arrested by the police
Sunday on suspicion of having rob-
bed the M. K. & T. dining station in
this city. An unused \$5 meal ticket

and \$1.85 in money were found in his
pocket.
Today the boy admitted his guilt
before Magistrate Gresham, and later
he was sentenced by Judge Hoffman
to be confined in the state reform
school at Booneville. His term is un-
decided.

ing as follows have been issued:

COL. "DICK" TAYLOR DEAD

PASSED AWAY AT HIS HOME IN
SMITHTON SUNDAY AT
6:50 O'CLOCK P. M.

WAS NATIVE OF BLUE GRASS STATE

Resided in Pettis County for Fifty
Years—Funeral Services at
Smithton by Rev. Sterling
Monday Afternoon.

Col. Richard Taylor, one of Pettis
county's best known and most re-
spected citizens, died of Bright's dis-
ease and dropsy at his home in
Smithton at 6:55 o'clock Sunday eve-
ning, following a ten months' ill-
ness, a good portion of which he was
bedfast.

Rev. Sterling conducted funeral
services at the family residence at
2:30 o'clock this afternoon, and inter-
ment was made in the Smithton
cemetery.

Col. Taylor was a native of Ken-
tucky and throughout his life display-
ed those characteristic traits con-
spicuous in every native-born resi-
dent of the Blue Grass state.

On Oct. 15, 1841, Col. Taylor was
born at Centerville, Bourbon county.
His father was F. B. Taylor, for two
terms a member of the Pettis county
court.

In the fall of 1858, Col. Taylor
came to Pettis county, accompanied
by his parents, and engaged in stock
buying and shipping. He attained suc-
cess from the beginning, and later
conducted a general merchandise
business in partnership with Frank
Wright and J. C. Williams, and later
was associated with Harry Sued in a
similar pursuit.

During the years 1857 he formed
a part of the ownership of the Smith-
ton Packing Co., while between the
years 1893-7 he ably filled the posi-
tion of postmaster at Smithton.

In early life Col. Taylor affiliated
with the Christian church, remaining
steadfast to that faith up to the time
of his death.

He was twice married. His first
wife was Miss Tucker, of Kentucky,
who died several years after her
marriage; also one child born of the
union.

Col. Taylor's second wife was Miss
Fannie P. Smith, who survives him,
as do two brothers, H. H. and Frank
Taylor, of this city, and one sister,
Mrs. Sue Martin, of Otterville.

ENGINEER WAS KILLED

Santa Fe Passenger and Stock Train
Went Together Head-on.

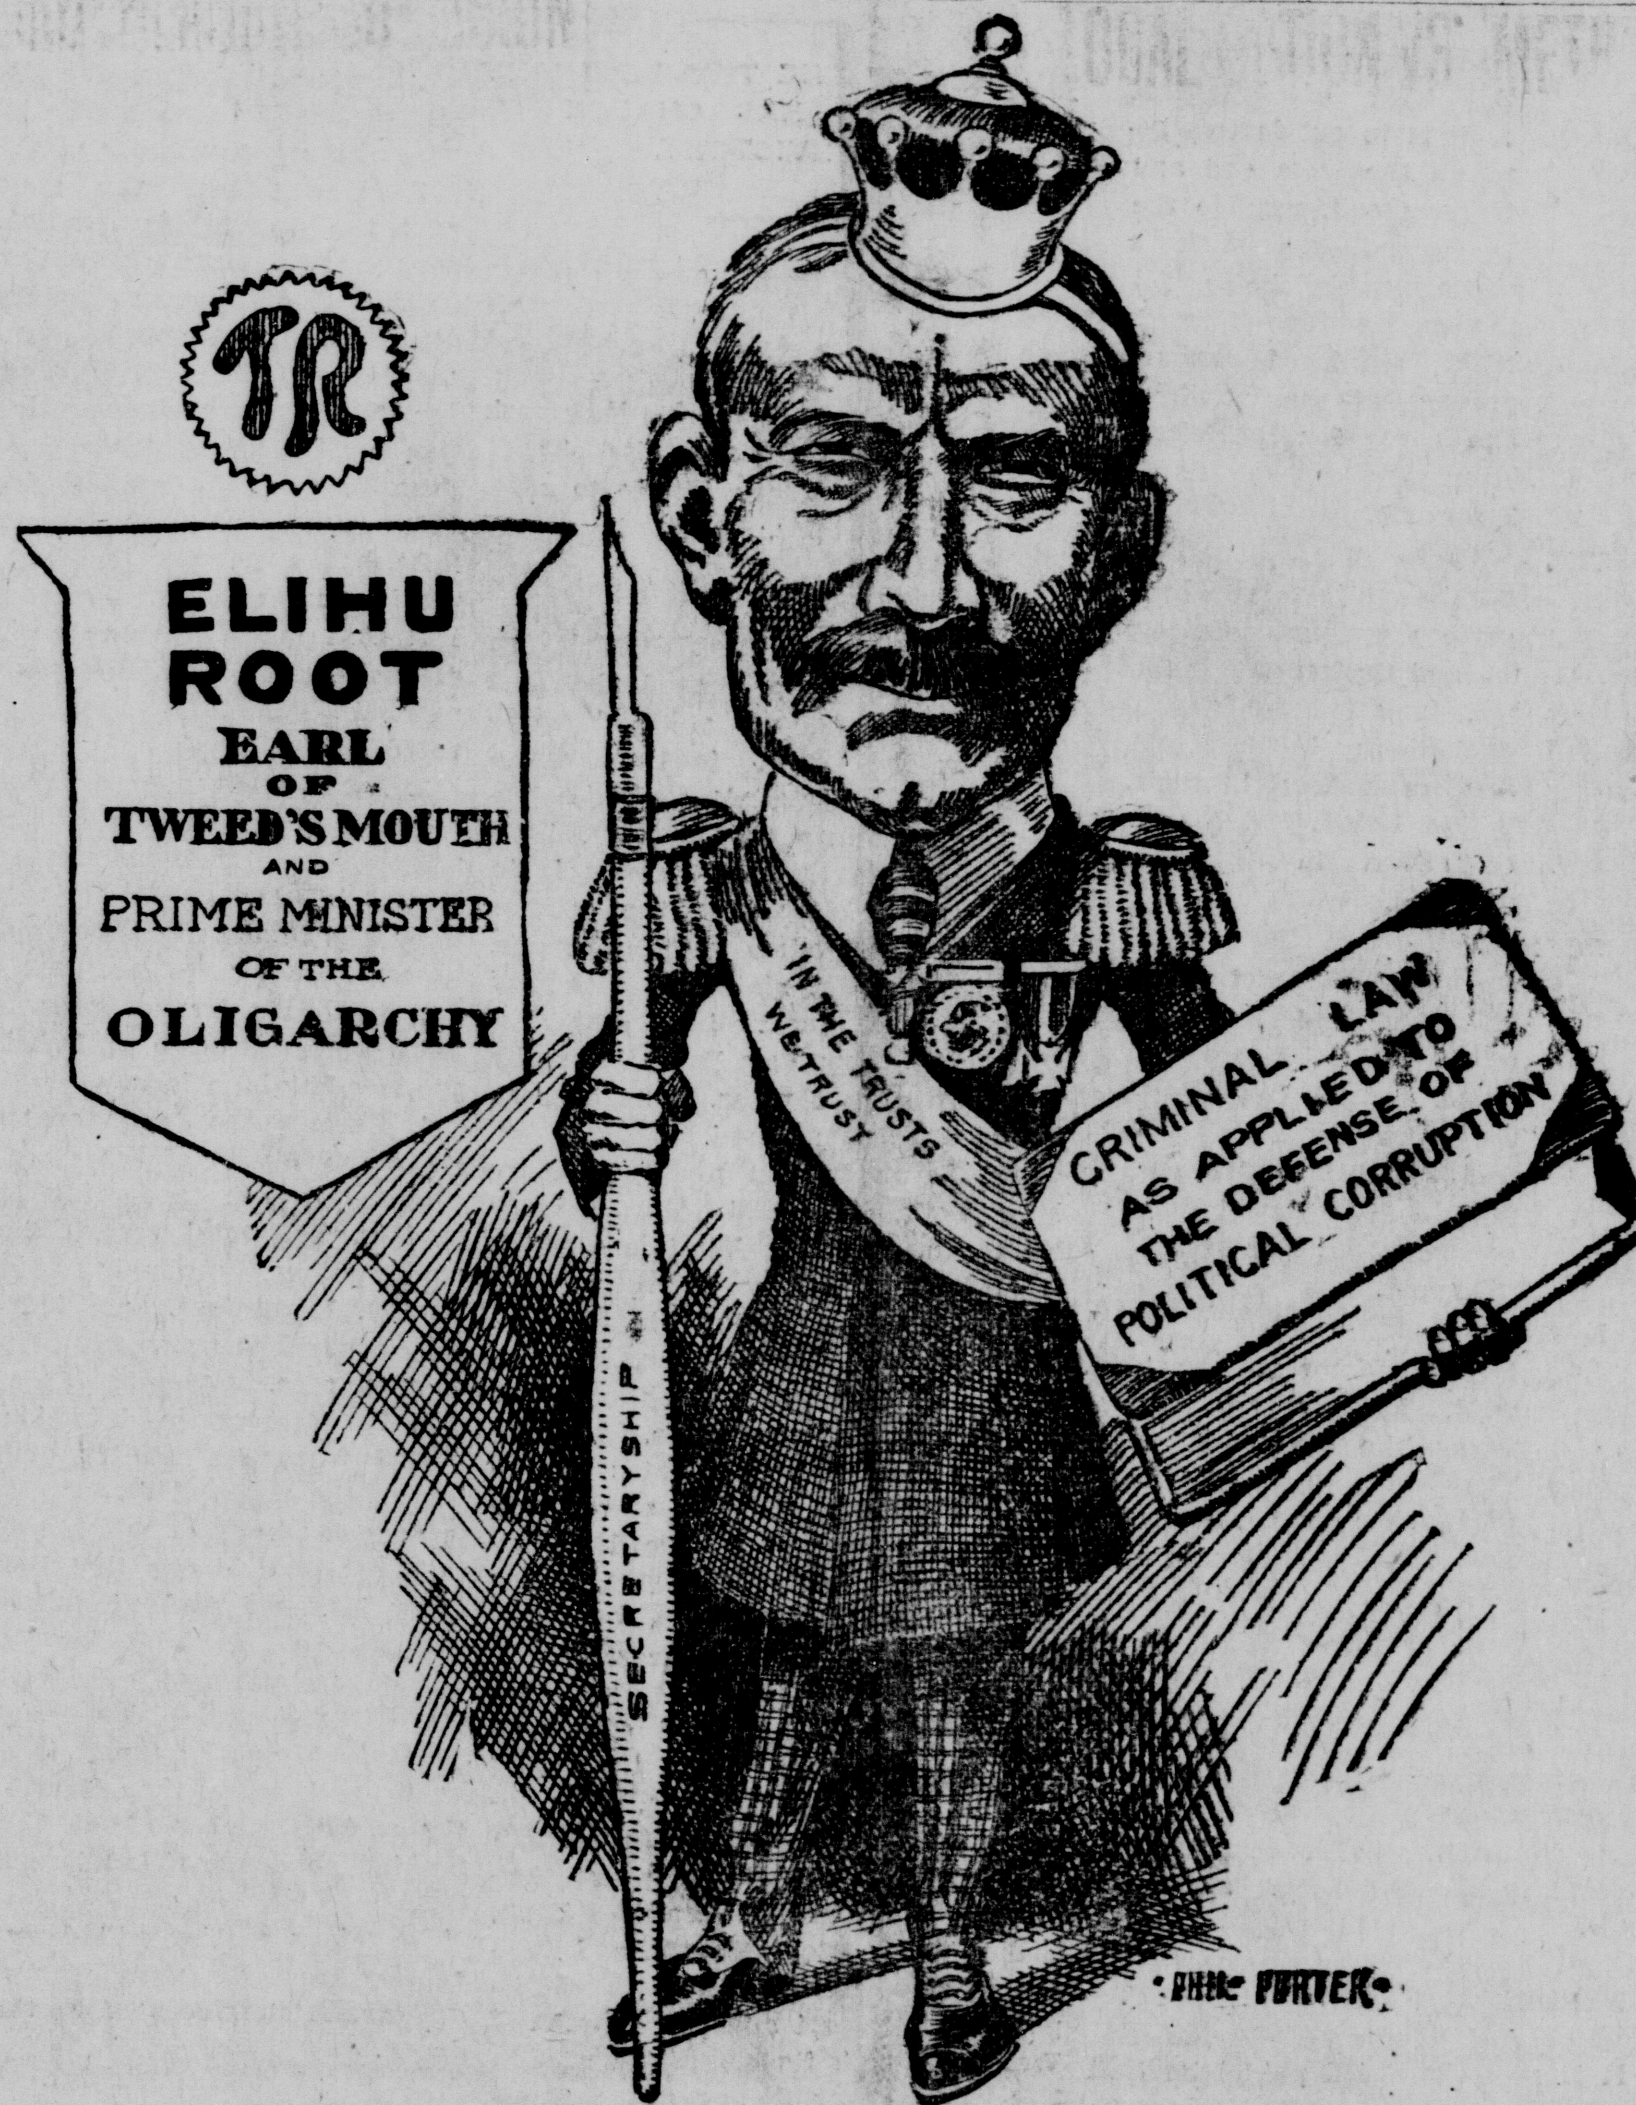

Topeka, Kas., Oct. 19.—Santa Fe
train No. 17, the Oklahoma and Texas
express, which left Kansas City last
night at 9:30 o'clock, collided head-
on with a stock extra at Bradock,
fifteen miles east of Newton, at 3:45
o'clock this morning, resulting in the
death of Engineer Dave H. Roberts,
of Emporia, of the stock train, and
injuring twenty-two passengers, none
serious.

Both trains were running at full
speed. It is thought the accident
was caused by the crew of the pas-
senger running by a signal. About
forty cattle were killed.

BOSTON BANKERS SUED

E. H. GAY & CO. ARE CHARGED
WITH FRAUD IN TRANSFER-
RING PROPERTY.

SUM OF \$10,000,000 DEMANDED

Company Had the Placing of Bonds of
the Sedalia Light and Traction
Company—Will Not Affect
Local Enterprises.

Boston, Mass., Oct. 19.—The great-
est sensation in Boston financial cir-
cles for many years was caused Sat-
urday by the announcement that the
old established banking house of E.
H. Gay & Co. have been petitioned in
bankruptcy and charged with fraud.
The amount involved is \$10,000,000.
The company was engaged in financ-
ing projects amounting to \$60,000,000
when the crash came.

John P. Reynolds, who for two
months has been managing the firm's
affairs, announced he would fight the
action, as the firm had other deals
pending, involving some \$10,000,000,
the principal one of which is the con-
struction of the Pittsburg, Bismarck
& Eastern railroad.

For this, \$20,000,000 in bonds have
been authorized, \$15,000,000 of which
were to build the line, and \$5,000,000
stocks in addition.

The petition charges that after the
firm made a general assignment, last
August, it transferred to the assignee
a large part of its property with in-
tent to defraud.

E. H. Gay & Co. have been associ-
ated with Edward Deane & Co., of
Grand Rapids, Mich., in placing some
of the bonds of the Sedalia Light
and Traction Co., but the actual man-
agement of the property is in the
hands of Deane & Co.

Mr. R. B. Hamner, local representa-
tive for Deane & Co., had not heard
of the financial troubles of E. H. Gay
& Co. until informed by the Democrat-
Sentinel this morning. He expressed
surprise, but was positive that the
bankruptcy proceedings would not
have any effect on the local property,
of which Deane & Co. are the owners.

A Surprise for Mrs. Kerens.

served, and among other mementoes
the hostess was presented with a \$5
gold piece.

Rev. Brady's Decision Soon.

The largest audience ever in St.

to Moses. Rev. Brady left in the
afternoon for Chicago, and will de-
cide within the next two weeks whe-
ther he will accept the call extended

THREE CARS COLLIDED

KANSAS CITY STREET RAILWAY
HAD THRILLING AND FATAL
ACCIDENT.

RUNAWAY CAR RUSHED DOWN HILL

Others Coming Up Tried to Escape,
and Race Continued for Blocks
Before Coming Together—One
Killed, Many Injured.

Kansas City, Oct. 19.—Three trol-
ley cars on the Troost avenue line
of the street railway here collided
at Thirteenth street and Troost ave-
nue this morning and were badly
wrecked. One man is dead and fif-
teen others badly injured.

R. I. Smith, aged 45 years, of Ne-
vada, Mo., was crushed between the
cars and killed.

The air brake on one of the cars
failed to work and the uncontrolled
car slid down the steep hill and the
two others, which were coming up
the hill behind, backed away for three
blocks in a thrilling attempt to es-
cape the runaway car. For a quarter
of a mile the race continued before
they finally collided.

Men and women passengers jump-
ed frantically to the street. Several
were hurt in their effort to escape.

The total number of injured was
twenty-six, but the hurts of half of
this number were slight, consisting
of cuts and bruises. Five are in a
critical condition.

HAD GREAT GAME OF BALL

SEDALIA CABDRIVERS HAD IT
SUNDAY WITH THE CHICK
EN PICKERS.

THE LATTER PROVED VICTORIOUS

Rotten Decision by the Umpire Dis-
gusted Crowd and He Threw the
Ball Away—There May
Be Return Game.

Sedalia's cabdrivers—or rather, a
portion of them—banded themselves
together Sunday and organized a
baseball team. "Jack" Savage, the
ferocious, assumed the role of slab
artist, while his brother, "Toi" Sav-
age, officiated behind the bat.

The opposing team was made up of
chicken pickers and the remnants
of the now defunct Cub team. "Bil-
ly" Owens was on the firing line for
the chicken pickers, while Matt Mul-
alley did the catching stunt.

The game was played on the dia-
mond at Liberty park, and for nine
innings the two aggregations, with
perspiration pouring from their
brows, contested honors, but when
the last man had fanned the air for
the third time the chicken pickers
gaily walked off the field with a score
of 11 to 4 to their credit.

"Dud," whose surname is hidden in
mystery, had been selected to officiate
as umpire, or peacemaker. He start-
ed out well, but early in the game un-
consciously rendered a "rotten" deci-
sion, whereupon both players and
spectators swarmed to the field to
mole him.

"Dud" got mad and objected to such
treatment. Seizing the ball, he threw
it as far as he could, and then quietly
and peacefully retired to the players'
bench to officiate no more. A substi-
tute was secured and the game pro-
ceeded.

An interesting feature of the con-
test was the number of strikeouts
made by each pitcher. Player after
player stood ground in the batter's
box and vainly endeavored to knock
a home run, but the slab artists'
speed, coupled with perfect control
and all the slants requisite to a
pitcher's profession, deterred the bat-
ters from making any spectacular ex-
hibitions.

The game was an interesting one,
from a players' standpoint, and it is

possible that a return match will be
played before winter weather sets in.

Licensed to Wed.

A marriage license was issued to-
day to Frank B. Griffin, of Smithton,
and Ethel Potter, of Clifton City.

A marriage license was also issued
this afternoon to Harry W. Meuschke
and Miss Emison S. Wood, both of
Sedalia, who will be married tonight
by the Rev. J. B. Fuller.

SEARCHING FOR MOTHER

LITTLE GIRL OF 13 YEARS HAS
REQUESTED AID OF A
POLICE CHIEF.

IS NOW LIVING WITH GRANDMOTHER

Not Strong Enough to Work and Has
Only One Dress—The Child Has
Been Told Her Mother Is
"a Bad Woman."

St. Joseph, Mo., Oct. 19.—A letter
from Lena Ruffing, a 13-year-old girl
at Ottumwa, Iowa, addressed to Chief
of Police Franks, was received today,
asking him to find her mother. It is
a touching letter and the police will
investigate the case.

"I ask you to find my mother," the
little girl wrote. "I have not seen
her since I was thirteen months old,
but I want to see her so much. I live
with my papa and grandmother, but
my home is not pleasant. I am not
able to work much. I have only one
dress, and there is no possibility that
any more will be bought for me. I
have worked some, and made some
money, but I am not allowed to spend
it. I get more curses than anything
else."

"One morning two men came, to our
house and asked my grandmother if I
was still living. My grandmother
would not let me talk to them, but I
heard them say they knew my mother,
and that she lived in St. Joseph.

"Perhaps you will understand how
it is. I have heard that my mother is
a bad woman, but I want to see her.
She sent the two men to find out if I
am living. Her name is Mary Ruff-
ing, and her maiden name was
Miers."

LOCAL OPTION VS. 'METH'

DOES LAW PROHIBIT THE SALE
OF ALCOHOLIC BEVERAGE
IN MISSOURI?

MATTER BEFORE SUPREME COURT

The Case Has Been Argued and Sub-
mitted, and It Is Expected a De-
cision Will Be Rendered Dur-
ing Coming Month.

Jefferson City, Mo., Oct. 19.—The
most important case to the people of
the local option counties of this state
since the passage of the present law
in 1887 has just been argued and sub-
mitted in the supreme court.

This case involves the constitution-
ality of that section of the local op-
tion law which seeks to prohibit the
sale of alcoholic beverages in such
local option counties.

Heretofore the indictments and in-
formation involving the violation of
the local option law have charged the
defendants with the sale of intoxicat-
ing liquors, but the information in
this case charges the defendant with
selling a beverage containing alcohol.

The case came from Madison
county, where J. T. Gamma was con-
victed of selling a beverage called
"Meth," and fined \$300.

The defendant appealed to the su-
preme court on the ground that the
provision of the local option law un-
der which the information was filed
is unconstitutional for the reason that
the title to the act does not prohibit
the sale of a beverage containing al-
cohol but prohibits the sale of intoxi-
cating liquors, and that the people in
voting for local option did not vote to
prohibit the sale of beverages con-
taining alcohol. The "Meth" sold
contained more than 2 per cent of
alcohol.

"Meth" is one of the numerous soft
drinks now being sold in local option
counties, hence the importance of this
case to the local option counties. A
decision in the case may be expected
some time during the month of No-
vember.

SNATCHED FOR A PURSE

Unknown Man Attempted to Rob Miss
Kate Corbett.

An unknown man, small and heavy-
set, made an unsuccessful attempt to
snatch a purse from Miss Kate Cor-
bett, 412 North Grand avenue, while
she was returning home at 6:30
o'clock last evening. The attempted
theft occurred in front of W. J. Men-
eefe's grocery store on West Second
street.

Miss Corbett was accompanied by
Miss Flora Kirchoffer, and when she
approached the locality stated the
stranger jumped from the side of the
building.

A strap on the purse was looped
over Miss Corbett's arm, and in scuf-
fling with the man she managed to
hold the purse.

SEDALIA DID HERSELF PROUD.

The statement published Sunday of the receipts and disbursements of the Business Men's club served to again call attention to the fact that Sedalia can and does care for its state fair visitors with a hospitality that leaves nothing to be desired.

Although this year the crowds each day were far in excess of any heretofore attending, every person was provided with accommodations that could not but have met the desires of even the most fastidious. There were numerous eating places, where bountiful meals were provided at reasonable cost, and the homes of the city were so generously opened that no one had to go without comfortable sleeping rooms at prices within the reach of all.

The Business Men's club cared for the necessary details and so handled matters that there was no congestion, and all arrangements worked smoothly and evenly, causing no discomfort or anxiety to any visitor within the city's gates.

When it is considered that in addition to this, the organization also raised \$995.50 for the amusement and comfort of the people, and saw

tion, as well as demonstrating the liberality and public spirit of Sedalia's business men.

Of the sum raised, \$365.24 remains on hand as a nucleus for next year's fair, when, undoubtedly, still more people will attend than did this, and it will be just as carefully looked after.

As Secretary Stinson said, "Invite the whole world to come; Sedalia will provide for them, no matter how many accept the invitation."

WHAT WILL THEY DO DOWN SOUTH?

The latest developments in the dispute between the Netherlands and Venezuela offers material for interesting speculation. The attempts of the Dutch government to obtain a settlement from President Castro, which have lagged for several months, have suddenly taken on a vigorous renewal, and the latest information given to the public is to the effect that the Netherlands has delivered an ultimatum, demanding the revocation of the "decree of May 14." The date for complying with this demand is fixed as Nov. 1, so that it will be only a few days before it is known whether the diplomatic breach between these two nations is to become something more serious.

The decree of May 14 is a transshipment order issued by President Castro, and relates to the handling of merchandise for the Venezuelan city of Maracaibo. Maracaibo, which is an important distributing center, is situated inland on Lake Maracaibo, which is reached through Maracaibo Bay. To the east of the entrance to the bay lies the group of Dutch dependencies, one of which is the island of Curacao, with Willemstad, a large shipping port, splendid harbor, cable terminus and other naval and commercial facilities of importance, which place is in a commanding position over the western coast of Venezuela. There are no Venezuelan ports of consequence near by, and as the Netherlands control the waters in that vicinity and Willemstad offers the only available transfer point, cargoes destined for Maracaibo are transhipped at that place, thereby saving an out-of-the-way trip of hundreds of miles.

This business is highly profitable to the Dutch of Curacao. As a retaliatory measure against the Netherlands, Castro issued his decree of May 14, which forbids transshipments at Curacao and requires them to be made at Venezuelan ports.

Castro has a habit of making the shoe he is wearing pinch the other fellow, and the Netherlands has taken additional offense at this stroke of the Caracas chieftain.

Castro laughs at the ultimatum, calling upon him to revoke the transshipping decree, and when Nov. 1 has arrived and departed it will doubtless be found that he has paid no attention to it.

What the Netherlands will do then is an interesting question, in which the powers who are collecting debts from Venezuela under the famous protocol of 1904, as well as the United States, are concerned.

CRANE IS A BIRD.

The appearance of Senator W. Murray Crane, of Massachusetts, upon the republican scene as chief "advisor" of Chairman Hitchcock in the management of Mr. Taft's campaign, is regarded as further unmistakable evidence of the alliance of the republican party with the trust interests for the election of Taft.

Senator Crane may not be very well known by the farmers and laboring men of the west, but he has a very extensive and intimate acquaintance in Wall street and with the trust protected interests of the east. He belongs to that little coterie of men who rule the United States senate. He is the principal advisor of Senator Nelson W. Aldrich, of Rhode Island, who stands at the head of the Standard Oil list of senators. Senator Crane is second in command.

The sluggishness of Chairman Hitchcock's campaign for Taft made it necessary for the republicans to form a closer relationship with the trusts in order to procure funds with which to carry on their propaganda. No man is better suited to do the recruiting than is Senator Crane. He is a republican of high standing and a trust magnate. His interests lie with those who are monopolists and with the trusts.

A STEEL TRUST JOLLY.

Corporations can not lawfully contribute to the campaign funds. But the steel trust gave a "good imitation" of a steel trust "chipping in" when it paid its employees an extra day's wages, ununiformed them and got them to march in that Youngstown, O. opening of the stand pat campaign.

It is said that this trust will keep its Ohio mills running full force this fall and shut down some of its Penn-

The proper way to serve the king of breakfast fruit is to cut in two between the stem end and blossom end, remove the seeds and core with a sharp pointed knife, fill the cavity thus formed with powdered sugar, prepare this way at night and serve for breakfast. Fine new grape fruit, 2 for 25c.

TEA

We have just received some very fine Golong tea and Ceylon and India tea, imported by Chase & Sanborn in 1/4-pound tins, each 20c; Lipton's Yellow Label Ceylon and India tea in 1/2-pound tins, 35c.

Majestic Hams are sweet, mild, hickory smoked; flavor like country ham. They are simply delicious; per pound, 17 1/2c.

HICKS THE GROCER

vania brethren, who are so unlucky as to live in a sure-thing, stand pat state.

REPUBLICAN INCONSISTENCY.

It is now the stand pat claim that the tariff should guarantee "reasonable profits" to protected manufacturers, yet they object to the "guaranteeing" of the safe return of the bank depositors' savings. It makes a difference who is to be "guaranteed." The guaranteeing of "reasonable" (indefinite) profits would seem to be a bigger job than the guaranteeing of actual (definite) deposits and much more liable to abuse.

The public is justifiably disturbed by the publication of the statement that the American battleships have to lay in a supply of tableware, crockery and silverware after every reception held on board. The souvenir hunters carry off everything that is not riveted to the armor plate, or is like the thirteen-inch guns, entirely too heavy to be carried away with comfort. Souvenir hunting is by no means a new kind of graft, however, as many were inclined to believe, and it seems impossible to check it. It has raged for years without abatement.

It would be of great advantage to fruit and vegetable growers if their surplus could be canned cheaply. With cheap sugar, these would be a source of profit. Cheap tin and cheap glass are also essential to profitable canning. But congress has imposed duties on sugar of 75 to 100 per cent, tin plate 80 per cent and on glass 60 per cent.

A Square Deal

Be assured when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz., pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia, and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, indigestion and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if it is used perseveringly. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affections, excessive consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hanging coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be ex-

THE ELECTION IN DOUBT

EITHER OF THE TWO DOMINANT PARTIES HAS CHANCE FOR VICTORY.

A HARD FIGHT THE CLOSING DAYS

The Candidate Who Carries New York State and Secures Its 29 Electoral Votes Likely to Succeed Mr. Roosevelt.

The St. Louis Post-Dispatch on Sunday morning presented the first general canvass of political conditions as they exist in the twenty-three so-called pivotal states, seven days before the election. It is plainly shown that the result is in doubt, notwithstanding the claims made by the leaders of both parties. Of the doubtful states, of which New York is the most important, Mr. Taft must carry New York to win by a margin of two votes. If he does so his election is assured.

Mr. Bryan to win needs to carry New York, Ohio and Maryland, or Nebraska, or West Virginia, which will give him 248, or six votes more than is necessary to his election. If he carries New York, Indiana, West Virginia and Nebraska, or Maryland, yet loses Ohio, he may still be elected by six votes in the electoral college. Of the states suggested by the poll of the Post-Dispatch as doubtful, Mr. Bryan, under any combination of figures, must carry New York to be successful.

The results of the canvass reflect the earnest and impartial efforts of the leading newspapers in the states of Maryland, West Virginia, Ohio, Indiana, Wisconsin, Minnesota, North Dakota, Iowa, Kansas, Nebraska, Wyoming, Montana, Colorado, Utah, Idaho, Washington, Nevada and California, and of the St. Louis Post-Dispatch in Missouri and the New York World, through its correspondents in New York, New Jersey and Connecticut.

These conditions may change during the rest of the campaign and materially affect the indicated result, but the Post-Dispatch feels entirely justified in presenting the estimate given this morning as portraying the exact situation at this time.

In compiling the accompanying table showing the probable distribution of the 443 electoral votes, the Post-Dispatch has placed in the doubtful column several states which may ordinarily be credited to one candidate or the other. It has done so for many varied reasons, justified by the uncertainty regarding elements that appear to be undergoing readjustment, and the final classification which can not now with absolute accuracy be determined.

It is this element of uncertainty that impels the Post-Dispatch to accept the conclusion that the result of the contest for the presidency is in doubt, due to the important causes that may be set forth as follows:

1. The injection into the campaign for the presidency in some of the western states of an insidious and disturbing religious factor, which is working against the interests of the republican candidate.

2. The tendency of the labor vote to break away from the control of all parties, as illustrated in the surprising spread of the socialist cause, both in the east and west.

3. The failure of both the republican and democratic parties to intelligently approximate the distribution of the vote to be cast by an army of unemployed—estimated in round numbers at 1,400,000 voters.

4. The failure of both the republican and democratic managers to anticipate the distribution of the colored vote in states where it has always been classified as republican.

5. The complete absence of anything suggesting an issue of general value or vote-getting potency to either side.

Regarding the situation in Missouri, the Post-Dispatch has the following:

In 1904 Missouri gave Roosevelt a plurality of 25,137. This year, according to the best evidence of party leaders and correspondents of the Post-Dispatch, Missouri will give Bryan a plurality of not less than 35,000.

The difference in the estimated vote this year and four years ago is 60,000. Four years ago the republican vote in Missouri was 321,000 and the democratic vote 296,000. These figures showed a democratic decline of 53,000 and a republican gain of 2,000 over 1900, when Bryan carried the state by 38,000. In 1896 Bryan's plurality was 59,000, and the republican vote then slightly exceeded 300,000.

The forecast of democratic victory this year is based on these propositions:

1. In St. Louis, Kansas City and St. Joseph and other cities of the

him in 1900, are now on record in favor of his election. Probably not one out of fifteen of the old "sound money" democrats is supporting the republican nominee for the presidency. From this source the democratic party counts an increase of 15,000 votes at the November election.

2. Undoubtedly the stay-at-home republican nominee for the Missouri four years ago. This year the concentration of all democratic factions on Mr. Bryan, supplemented by the contest between Governor Folk and Senator Stone for the democratic nomination for United States senator, gives promise that the normal democratic vote will be polled. The senatorial fight has a peculiar bearing on the presidential contest because of the fact that in order to vote for either of the democratic candidates for senator the democratic ticket must be voted.

3. Republicans concede that Governor Folk's administration has strengthened the democratic party in Missouri. Evidence of the republican weakness lies in the fact that the attorney general, Hadley, the republican candidate for governor, has confined his attacks to previous democratic administrations.

4. Seventy-five per cent of the trade union vote of the state will be cast for Bryan, according to labor leaders. The total vote, counting all trade unions, probably amounts to 100,000. Heretofore, political leaders say, Bryan has got about 60 per cent of this vote.

5. No democratic defection is reported from the country districts, so far as the national democratic ticket is concerned.

Bets of three to one that Bryan will carry Missouri find no takers.

Sentiment is faint for Debs and Higen in Missouri. Likewise, the populist and prohibition parties are weak. The populist ticket is not likely to poll more than 10,000 votes; the socialist ticket about 15,000 and the independence ticket less than 10,000.

The minor parties will draw almost equally from the republican and the democratic nominees for the presidency.

WORKING COUNTY PRISONERS

Buchanan County Following in Foot steps of Greene.

County Highway Engineer Fred J. Marshall yesterday sent to the county highway engineer of Buchanan county, in which the city of St. Joseph is located, three photographs showing views of the outfit owned and operated by this county for working county prisoners on the public roads, says the Springfield Republican of Sunday.

This was done at the request of Curtis Hill, state highway engineer, who wrote Mr. Marshall that Buchanan county was just starting out to work its prisoners and that the engineer there was anxious to find out what he could about the work in other counties.

The photographs showed the portable jail, the traction engine and wagons, and the third showed the outfit at work with the rock crusher owned by the county.

JAMES F. BALL EXPLAINS

SPEECH FOR MR. HADLEY DUE TO TOO MUCH "ENTHUSIASM," HE DECLARES.

WRITES A CARD IN EXPLANATION

Mr. H. C. Turner, Correspondent Who Sent Out "Support Hadley" Story, Should Have Been More Considerate of Mr. Ball.

The St. Louis Globe-Democrat of Monday, the 19th, printed the following self-explanatory card, dated Montgomery City, Mo., the 18th:

My attention was called to an article in the Globe-Democrat of today, in which it was stated that I made a speech here to a large crowd last night, saying that I intended to support Mr. Hadley. I knew nothing of the statement until many of my personal friends, both republicans and democrats, told me this morning what had happened yesterday.

The truth is, yesterday was the last day of our street fair, and I was so full of "enthusiasm" as not to be responsible for what was said by me. I no doubt said what was attributed to me by the reporter, for all my friends say so, but all who saw me know the circumstances.

Mr. Hadley was here some time ago, and I called on him and told him I could not vote for him; that I was going to vote for William S. Cowherd for governor. This is Sunday and I am strictly sober.

I do not want to deceive any man, either democrat or republican, for I am going to vote the democratic ticket from top to bottom, including W. S. Cowherd for governor, and am doing all in my power and have acting in conjunction with the democratic county committee to elect every man on the national, state and county ticket. I am also one of the largest contributors in this county to the democratic campaign fund.

The Globe-Democrat's correspondent here, Mr. H. C. Turner, certainly knew all the circumstances, and if he had wanted to treat me fairly he could not have humiliated me in this manner. I ask that this be published in defense of both republican and democratic friends. Yours very respectfully.—James F. Ball.

ENDS HER LIFE KNEELING

BODY OF ILLINOIS TEACHER FOUND WITH REVOLVER IN HER HAND.

CAUSE OF THE DEED IS A MYSTERY

Discovery Made in Outskirts of Decatur—Had Attended Association Meeting—Family Is Prominent.

Decatur, Ill., Oct. 19.—Stripped of all evidence that would lead to her identification, the body of Anna Carson, a teacher in the public schools of Urbana, Ill., was found in a field north of the city at 6 o'clock Sunday morning.

The body was still warm. She was kneeling, as if in prayer, her head resting against a hedge, and a new revolver clutched in her hand. Nearby was a box of cartridges and a bullet hole in her forehead told of the manner of her death, but did not solve the mystery that surrounds it.

Pinnaled to her breast was a badge showing that she had been a member of the reception committee of the Eastern Illinois Teachers' association, which just finished a two days' session at Urbana.

Earl Adams, a 9-year-old boy, was the first to identify the body as that of a former teacher in the Urbana schools.

Miss Carson was a member of a prominent Urbana family, her father having been an active politician of that place.

She left home Saturday afternoon to attend the closing session of the institute, telling her mother that she would spend the night with a friend in Champaign.

Instead, she came to Decatur, and was last seen alive at 10 o'clock, when she took a North Edwards street car. The conductor let her off at the limits of the city.

The woman's family deny that she had any love affair. Her brother, F. G. Carson, is a practicing attorney at Urbana. He arrived here last night.

HITCHCOCK IS SCORCHED

HE SOLICITED ANOTHER DEMOCRAT FOR CONTRIBUTION TO TAFT FUND.

BUT GOT IT IN THE NECK INSTEAD

Mr. J. A. J. Shultz, a Democrat of the Old School, Quotes the Holy Scriptures as Reply to Invitation Extended.

St. Louis, Mo., Oct. 19.—Frank H. Hitchcock, chairman of the republican national committee, and Elmer Dover, secretary of the advisory committee, were scorched when they tried to land J. A. J. Shultz, of St. Louis, in the ranks of the G. O. P., and incidentally to fry a little "fat" out of him for campaign purposes.

Mr. Shultz, who lives at 4407 Washington boulevard, and is president of the Shultz Belting Co. is a dyed-in-the-wool democrat and an enthusiastic supporter of Bryan.

Both of the letters sent to Mr. Shultz asked for a contribution to the republican campaign fund. In Dover's letter was this sentence: "A reversal of national policies with all its radical changes and experiments, will check prosperity, unsettle business, injuriously affect credit and confidence, and as an inevitable consequence will throw multitudes out of employment."

Here is the reply sent by Mr. Shultz to Mr. Hitchcock: "I have your favor and judge by the stuff that you have in it that if Mr. William Jennings Bryan is elected the fig tree shall not blossom, neither shall fruit be found on the vines. The labor of man shall fail and the fields shall yield no meat, the flock shall be cut out from the fold and there shall be no herd in the stalls."

"There shall be neither rain nor dew for the space of four years, and the heavens will be grass and the earth iron; the sun shall turn into blood and the moon into green cheese. 'The Lord will hide His face from man and the republicans shall all go to the devil, where they belong.'"

Mr. Shultz is not looking for any more campaign duns from the G. O. P.

BRYAN TALKS IN ILLINOIS

Began Day's Speech-Making in East St. Louis.

SWALLOWED SLATE PENCIL

Failed to Digest and Hollis Miller Strangled.

Bellefontaine, Ohio, Oct. 19.—Hollis Miller, aged 8 years, swallowed a piece of slate pencil while at school and after returning home also swallowed a button.

When he went to bed he was seized with a fit of coughing. The button came up, but he strangled on the pencil and died.

PEAS IN THE POD.

Old Way of Shelling Them is Altogether Unnecessary.

At last the season of the succulent green pea need not be regarded with horror by the cook. No more need she stay out for hours and hours on the porch shelling them in endless numbers, while the rest of the dinner waits until it is almost too late to complete it for that day. No more need mother stay home from picnics and other parties because the peas must be prepared for lunch or dinner.

All that is necessary is to throw them, pods and all, into the pot. Cook them the usual length of time. When they are done, the pods will break and rise to the surface, while the peas may be found at the bottom of the kettle. What a change this will make in the time it requires to cook a meal. What a comfort it will be to feel that no more afternoons need be spent in shelling peas, and what a joy it is to know that peas when cooked this way are better than when hours are spent upon their preparation.

How do you value Human Life? I will furnish it for fourteen months for fifty cents, commencing November.—West, the Stationer.

City Council Meets Tonight.

There will be a regular meeting of the city council tonight, but the session will most likely be brief, as Mayor Babcock is out of the city, enjoying an outing on the Niangua. Three ordinances are to be presented, viz.: Changing the curb lines on Park avenue, changing the grade on Park avenue, and extending the water mains north on Monticau avenue from Cooper to Johnson streets and east on Johnson street to Osage avenue.

THE STORE THAT SAVES YOU MONEY ON EVERY PURCHASE

The Cook and the Broth.

"The time when I get really discouraged," said the young housekeeper who is learning to cook, "is when I go to the public library and look over the title of the cook books there. When I read 'One Thousand Ways to Make Soup,' 'Four Hundred Kinds of Bread,' 'The Hundred Ways to Cook Potatoes,' 'Eight Hundred Different Puddings,' and 'Five Hundred Good Meat Recipes,' I feel like giving up. In comparison with all that ocean of culinary accomplishments still unexplored what signify my choicest cream tomato soup and puree of pears, my hot biscuit and corn muffins, my scalloped potatoes, my chocolate pudding, and my chops and broiled steaks? So far that is about the only variety I have been able to introduce successfully into my bill-of-fare. When plain food of that kind goes on the table particularly well cooked I feel rather proud of myself for a few minutes, but before my head gets a chance to swell noticeably I remember those 3,000 other recipes that I've got to master before I can claim to be a skilled cook, and my conceit takes wings."

Teach Children to Dress.

The wise mother should remember that children must be taught the first lessons in dressing themselves, and then allowed to exercise their own judgment, gradually being given more and more responsibility in the matter, until as women they have acquired the fine art of being well dressed. And very soon a girl should be trusted with the money to buy her own clothes and be required to dress within the amount.

Even the Hash.

Embarrassed in the fashionable restaurant by the menu written in French, the Wall street man of business exclaimed:

"Hang these froids, entremets and hors d'oeuvres—bring me a plate of good plain hash, if you've got such a thing on the premises."

"You mean an olla podrida, sir," said the waiter, in a tone of dignified reproach. "And afterward?"

BETS FAVOR BRYAN

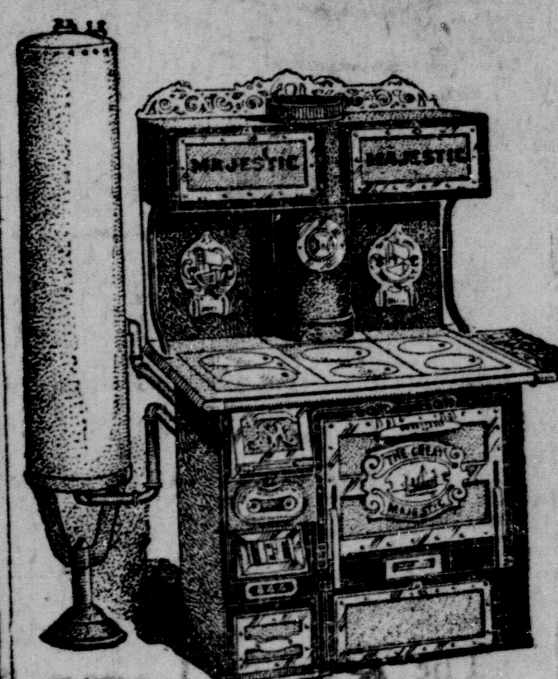

Large Amount of Cash Reduces Odds on Candidate.

Chicago, Ill., Oct. 19.—Election odds showed a slight tendency in favor of Bryan today. James O'Leary announced that the large amount of democratic money which had been shoved in sight caused a reduction of the odds on Bryan from 4 to 1 to 7 to 2. Taft, however, was still a big favorite at 1 to 5.

In the state fight the odds on Deane were still at 1 to 2 and 8 to 5 on Stevenson. Supporters of the democratic candidate for governor, however, insisted that O'Leary had

refused to accept bids at these odds, and that whenever large sums were offered he backed them down to 8 to 6 or 3 to 2.

WHEEL REVOLVING AT DALLAS, S. D.

One-Fifth of the Purchase Money to

Equal Payments.

Dallas, S. D., Oct. 19.—The Louisiana Lottery Co., in its palmiest days, was never able to arouse so much interest in a drawing as has Uncle Sam's personally conducted game of chance in disposing of the Rosebud lands in Tripp county. Today the wheel of fortune began revolving and

the agents of Uncle Sam's Land Lottery, limited, will dole out to the possessors of lucky tickets the choicest 160-acre farms in the 800,000-acre reservation, formerly occupied by the warlike Sioux.

The lottery will continue until all the lucky tickets have been drawn from the wheel. Then the happy few will congratulate each other upon the fairness and justness of Uncle Sam's little lottery, and the disgruntled many will return to their homes all over the country, muttering maledictions on fate and South Dakota and land lotteries and things in general. Persons who are successful in this drawing will be permitted to make entry on one-quarter section, or less, under the homestead laws, at some date after March 1, 1909, and may obtain title by making the required residence and cultivation and the payment of \$6 per acre for all lands entered prior to June 1, 1909, or \$4.50 an acre for lands entered under the president's proclamation after that date.

One-fifth of the purchase money must be paid on the date of the entry, and the remainder in five equal annual payments, without interest.

If an entryman chooses to do so he can obtain this title after fourteen months' actual residence and cultivation, by paying all the deferred installments.

There are no settlements on any of these lands, and several townships still lie located in suitable places and reserved from homestead entry before March 1, 1909.

ABRUZZI WINS KING OVER

MISS ELKINS TO ENJOY ROYAL
RANK MONTHS BEFORE
THE WEDDING.

IS PRACTICALLY A PRINCESS NOW

Italian Court Initiates Formalities of
the Marriage—Duke Soon to
Sail for America to
Visit Bride-to-Be.

Rome, Oct. 19.—The Giornale d'Italia declares that the king has formally consented to the marriage of the Duke of Abruzzi and Miss Katherine Elkins.

The paper says that Miss Elkins is now practically an Italian princess, as it has been decided that she shall enjoy royal rank and privileges before the marriage.

The declaration of the Giornale is significant. Heretofore the Italian press has never explicitly stated that the king sanctioned the marriage. Hence an official denial is not expected and the marriage is regarded as certain.

The Italian court has already initiated the formalities of the marriage. The duke will shortly go to Havre or Cherbourg, whence he will sail for America.

In consequence of these developments, ex-Queen Margherita has postponed her proposed visit to London, which is connected with the marriage of the Count of Turin and Princess Patricia, of Connaught.

Groom, Who Isn't a Baptist, Finds Her

Shreveport, La., Oct. 19.—Mrs. Bonnie Matlock, a bride of a few months, aged 17, and her husband disagreed about what church they should attend yesterday.

The husband left the house and had walked hardly a block when a shot recalled him. He found his bride, dressed for church, with the top of her head blown off. The husband is prostrated over the affair. He says that before leaving the house his wife called after him, and her last words were:

"If you don't wait and take me to the Baptist church you will regret it all your life."

SAFE BLOWERS START FIRE

Business Center of Ashland, Mo., Totally Destroyed.

Columbia, Mo., Oct. 19.—The business center of Ashland, a town of 100 people, fifteen miles southeast of Columbia, in Boone county, was burned at 4 o'clock Sunday morning. The total loss is \$50,000, about half insured.

The origin of the fire is not known, but it is supposed that safeblowers in the store known as the Trade Cen-

ter started the fire. The safe was found to be open Sunday morning and all the papers gone. The bank of Bass-Johnson Banking company, of which Rev. Dr. J. T. M. Johnson, of St. Louis, is president, was totally destroyed.

ATTEMPT TO KILL PRIEST

TWO HUNDRED CHICAGO SUNDAY SCHOOL CHILDREN
SEE SHOOTING.

THE WOULD-BE ASSASSIN ESCAPES

Wounded Divine Knocks Assailant
From Church Vestibule—Probably Member of Anticlerical Society.

Chicago, Ill., Oct. 19.—A desperate attempt to assassinate Rev. Father J. K. Fienling, president of the Gaelic Athletic association and one of the most prominent Roman Catholic divines in the city, was made in the vestibule of Corpus Christi church Sunday afternoon by a man believed to be a member of an anticlerical society.

Two hundred Sunday school children, horror-stricken, watched the frenzied attack, the would-be assassin firing two shots at the priest.

Screams of terror by the boys and girls attracted hundreds of passers-by to the church, and in the general confusion the priest's assailant escaped.

It was only through the bravery of Father Fielding, who, with his bare fists, knocked the assailant out of the vestibule of the church, that a tragedy somewhat similar to that in Denver, six months ago, when Rev. Father Leo Henrichs was shot down at the altar at St. Mary's church, was averted.

For hours the stranger awaited an opportunity to murder his victim. He attended every mass at Corpus Christi church and is believed to have feared to attack the priest owing to the presence of the police who guard all Catholic services.

A Jeweler's Experience.

C. R. Kluger, the jeweler, 1063 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. GIRLS HAZED SOPHOMORE

Seven Young Women Bound and Taunted a Large Man.

Alton, Ill., Oct. 19.—Seven freshmen girls in Shurtleff college have established a precedent by lazing, unaided, a large sophomore man.

Raymond Carr, a sophomore, was beguiled around a corner of the college building, where he was overpowered and bound by seven freshmen girls, who were waiting for him. Although he fought with all his strength and until his clothes were in rags, he was bound securely to a convenient tree where he was forced to endure the taunts and jeers of his captors.

After enduring innumerable indignities at the hands of his fair captors he was finally rescued by members of the faculty.

Back to Work Again.

Howard Wood, a police officer, who since the close of the fair has been enjoying a rest and visiting friends and relatives at Kansas City, resumed work today.

Harmful Cosmetics Being Discarded
by Eastern Society Women.

New York druggists report a great
falling off in the demand for rouges,
cosmetics, lotions and other manu-
factured "beautifiers." Whether this ten-
dency is a part of the movement for
the inexpensive simple life, or whe-
ther the New York women have
awakened to the harmful after-effects
of these chemical compounds is not
stated. Anyhow, there is a revival
of the use of the old-fashioned home
preparations, those that have stood
the test of time. Here is a recipe for
a home-made face wash that a
down town druggist filled nine times
in one day: Rose Water, 2 ounces;
Eppotone, 4 ounces; Cologne Spirits,
1 ounce. To make the face wash put
the Eppotone in a pint of hot water

Brands Millionaire a "Tightwad," Be-
cause He Raised Rent.

Memphis, Tenn., Oct. 19.—Rapping
on the desk with a thud that shook
the old building, Mayor Malone Sat-
urday denounced R. E. Snowden, for-
mer Memphis millionaire, now living
in New York during the winter, and
in Europe during the summer, as a
"tightwad." The mayor was address-
ing associate city fathers.

Mr. Snowden has just sued the city
for \$350, alleged to be rent due on
the city hall. The mayor will fight
the case in court. He says "Snowden
will know it when he collects the
money."

The trouble arose when Mr. Snow-
den raised the rent.

MADDENED BEASTS FIGHT

Bull and Tiger, Locked in Cage, Pro-
vide Bloody Spectacle.

El Paso, Texas, Oct. 19.—A fight
between a bull and a tiger in the
Juarez bull ring opposite El Paso
Sunday, took the spectators, most of
them tourists, back to the dark days
of Nero.

It was a fierce, furious fight be-
tween two maddened beasts, both
locked in an iron cage, in the center
of the Juarez bull ring, but the bull,
although hampered for lack of space,
finally dispatched the tiger, nor, how-
ever until the bull was himself
wounded so seriously that he will die.
Thousands saw the bloody, brutal
spectacle. Mexican officials made no
effort to stop it.

PHOTOGRAPH.

THERE IS A ROMANCE AT CLINTON

Miss Loses Savings in Salmon Bank
Failure, But Through Misfor-
tune Finds Husband—Fa-
ther Cupid's Agent.

Clinton, Mo., Oct. 19.—A romance
beginning, indirectly, with the failure
of the Salmon bank here in 1903, will
result, early this week, in the mar-
riage of Miss Lottie Stephens, daugh-
ter of a Clinton real estate dealer,
and Meinhardt Sannbeck, of Mexico,
Mo.

Sannbeck met his fiance almost
six months after he saw and fell in
love with her photograph, published
in a St. Louis paper.

Soon after the Salmon bank went
into the hands of a receiver, Miss
Stephens' picture appeared among a
group of Clinton's girls whose sav-
ings were gone.

Miss Stephens, the story went, had
saved money to complete her educa-
tion in college. Young Sannbeck
saw the picture and showed it to his
friends.

They agreed to write to the girls,
Sannbeck choosing Miss Stephens as
the one to whom he would address
his letter. He waited in vain for an
answer; but half a year later became
acquainted with her father when the
two were re-interested at the same St.
Louis hotel. Sannbeck was then
traveling for a meat house.

His business later took him to Clin-
ton, where he renewed his acquaint-
ance with Miss Stephens' father, and
through him met the girl.

TO REFORM THE BOWERY

It Is to Be Redeemed by New Chris-
tian Psychology.

New York, Oct. 19.—New York's
famous thoroughfare, the Bowery,
which has a reputation not altogether
creditable, is to be redeemed by the
new Christian psychology.

The healing system known as the
Emmanuel movement, which had its
origin in Boston, was tried out at old
St. Mark's in the Bowery last night,
and is likely to be a permanent fea-
ture of that Episcopal church.

The correction of bad habits and
the cure of functional nervous dis-
orders are the principal aims of the
Emmanuel missionaries, and they
will have a large field in the Bowery.
Dr. Elwood Worcester, a promi-
nent Episcopal clergyman of Boston,
originated the movement, which has
already spread its influence among
Anglican churches throughout the
west.

POTTER SERVICES TUESDAY

Remains of the Famous Clergyman
to Be Interred.

New York, Oct. 19.—Public funeral
services for the late Right Rev. Hen-
ry Codman Potter, Episcopal bishop
of the diocese of New York, will be
held tomorrow, when the remains of
the famous clergyman will be finally
interred.

Churchmen from all over the coun-
try are pouring into New York today
to pay a last tribute of respect to
Bishop Potter, and the services will
probably be among the most imposing
of their kind ever held in America.

The body of Bishop Potter will
rest in the Cathedral crypt, and will
be the first to be entombed in the
Cathedral of St. John the Divine, now
in course of construction on Morn-
ing-side Heights.

The tomb will be in the chancel,
between the communion rail and the
pace of the altar. A marble stone in
the floor will mark the bishop's tomb.
The body of Bishop Potter has
been in a vault in Trinity church
cemetery, Amsterdam avenue and
153d street, since it was brought to
this city from Cooperstown, N. Y.,
where he died.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this
country most dangerous because so decep-
tive. Many sudden
deaths are caused
by it—heart dis-
ease, pneumonia,
heart failure or
apoplexy are often
the result of kid-
ney disease. If
kidney trouble is
allowed to advance
the kidney-poi-
soned blood will at-
tack the vital organs, causing catarrh of
the bladder, or the kidneys themselves
break down and waste away cell by cell.
Bladder troubles almost always result
from a derangement of the kidneys and
a cure is obtained quickest by a proper
treatment of the kidneys. If you are feel-
ing badly you can make no mistake by
taking Dr. Kilmer's Swamp-Root, the
great kidney, liver and bladder remedy.
It corrects inability to hold urine and
scalding pain in passing it, and over-
comes that unpleasant necessity of being
compelled to go often through the day,
and to get up many times during the
night. The mild and the extraordinary
effect of Swamp-Root is soon realized.
It stands the highest for its wonderful
cures of the most distressing cases.

Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle of this wonderful new dis-
covery and a book that tells all about it,
both sent free by mail. Address, Dr. Kil-
mer & Co., Binghamton, N. Y. When
writing mention reading this generous
offer in this paper. Don't make any
mistake, but remember the name, Swamp-
Root, Dr. Kilmer's Swamp-Root, and the
address Binghamton, N. Y., on every
bottle.

SANTA FE SHOPS AT AMARILLO, TEXAS, BURNED ON SUNDAY MORNING.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The Santa Fe shops and round house at Amarillo, Texas, burned early Sunday. The loss is \$200,000. Twelve engines were burned, as well as several cars loaded with coal, a large quantity of coal chutes, the pumping station oil tanks and a great quantity of supplies.

The shops and roundhouse were located beyond the fire limits and this, in addition to the fact that a stiff wind was blowing, rendered protection impossible.

COLOR LINE IS DRAWN

Against White Folks at This Skating Rink for Negroes.

Chicago, Oct. 19.—The old Seventh regiment armory Saturday night was opened as a skating rink for negroes.

Every one of the 1,500 pairs of skates provided by the managers was in use at an early hour, and hundreds, possibly thousands, of eager would-be skaters crowded the space just outside the skating floor.

The Eighth regiment band occupied the center of the floor. Around them swung a happy throng. There were colored policemen and attendants, but they had little to do.

The elite sat in the balcony—quaint old mummies and members of the colored 400, whose automobiles stood outside. A small balcony in the hall is reserved for use of white spectators, but only negroes are allowed on the floor.

MERCHANT WHO WAS BLIND

Grabs Man Who Tries to Pass Bad Dollar, and Officer Does the Rest.

Philadelphia, Pa., Oct. 19.—in trying to pass a spurious dollar on Albert W. Endress, a blind man, who conducts a fruit stand close to Independence Hall, a man, who afterward begged for mercy, came to grief last afternoon. The stranger offered a counterfeit silver dollar in payment for 3 cents worth of candy.

Endress, who is known as "Blind Al," detected the spurious character of the coin in an instant, and, grasping the man by the collar, shouted lustily for a policeman. Patrolman Morrow came promptly to the rescue, and the stranger was hustled to a cell in city hall.

In forty-nine years "Blind Al" has been instrumental in causing the arrest of four counterfeiters and 180 thieves, who have tried in one way or another to rob him.

W. E. Yount, a former Sedalian, was fined \$3 in the Dayton street police court at St. Louis Saturday for violating a recently passed city ordinance, prohibiting smoking in automobile garages. A similar fine was imposed on Mr. Yount's partner, Archie Campbell, of Clayton.

Mr. Yount formerly conducted a local agency for the Buick Automobile company with Mr. Blincoe, and left Sedalia several weeks ago for St. Louis, where he engaged in similar business.

LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition. 'This little book was very comprehensive written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take.

"Just the thing," said I, 'for my little daughter,' and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily. 'I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial.'

Presents His Platform to The Voters of Pettis County.

I appreciate the fact it will almost be impossible to be elected to the very important office of Sheriff of this county without the aid and votes of both the Republicans and Democrats, and to them especially, and to the voters of all other parties in general, this is directed.

I will pledge myself, if elected to this office, to the following, which is the only platform I have:

MY PLATFORM

I will be the Sheriff in fact as well as in name and not delegate the duties to hirelings.

There will be no grafting of any description in the Sheriff's office during my administration.

My full time and attention will be given to the duties of this office to the best of my ability.

There will be no partisanship in the fulfillment of my duties, and I will be Sheriff—

"Representing not one class of people,"
"But all classes of the people."

For a clean and upright administration of the Sheriff's office in this county, I respectfully solicit the votes of all voters, irrespective of politics.

Your Servant to Command,
G. H. AYERS,
Candidate for Sheriff.
